NEW PLAN EXPECTED TO BE MADE PUBLIC VERY SOON.

UNPROFITABLE WESTERN LINES MUST SHIFT FOR THEMSELVES.

SMALL ROADS TO BE DROPPED.

Oliver Mink, of Boston, the Probable President of the New Organization-Only \$75,000,000 in First Mortgage Bonds -Railroad News.

Boston, June 14.-Within a short time the reorganization committee is expected to make public its new plan for the reorgani zation of the Union Pacific railway, as assurances have been received that the plan will be acceptable to the representa-tives of the government. The new plan is said to provide for the securing of the road by the reorganization committee for the actual net sum of \$28,631,386, although the minimum bid was fixed at \$45,754,000.
It is said that the plans for reorganization have proceeded so far that the changes to be made in the board of directors have been decided upon, and Oliver W. Mink of this city, is named as the probable presof this city, is named as the probable pres-ident of the new corporation. The allot-ment of first mortgage 4 per cent bonds, which, under the original plan, was to be \$100.000,000, is to be reduced, under the new plan, to \$75,000,000, and there is to be an increase in the allotment of preferred stock to the Union Pacific sinking fund &s and the Kansas Pacific consols. The reorganization committee has now secured practically all of the outstanding bonds affort and nearly all the stock.

The time for the actual sale of the road

to the new company under foreclosure proceedings was set in the first week in July but owing to necessary legal formalities which must be complied with, it is not expected that the great system will be operated by the new company before Sep-tember or October of this year.

The Oregon Short Line, in which the Union Pacific has an equity, has reorganized on its own account, since the original plan for reorganization was broached, and the Kansas City & Omaha and the St. Joseph & Grand Island, being separately organized, passed out of the Union Pacific system. The Denver, Lincoln & Gulf and some of the smaller roads in Kansas and Nebraska which are unprofitable proper-ties are not to be included in the new re-organization plan, and are to shift for

E. J. Baldwin Working to Secure the Last Available Entrance to

Southern California. Los Angeles, Cal., June 14.-E. J. Baldwin is working to secure the one practical pass remaining in the Sierra Madre mount-ains and the only way by which a railroad from the North could satisfactorily enter the country south of the range.

A force of men is now engaged con-structing a trail from the big Santanita

structing a trail from the big Santanita canyon over to the territory that is adjacent to the northern end of the San Gabriel canyon, and thus make a pathway over to the Mojave desert.

The grade is being made one foot in sixteen feet and can really be made available to accommodate a railway line. In fact it is announced by one close to Mr. Baidwin that an electric road will be built along the route of this trail. The road will penetrate to the lake and over through the pass to the Mojave desert and presumably from there on to Antelope vailey. This move will give Baidwin control of the only remaining pass to Los Angeles from the North. The Southern Pacific has secured two, the Soledad and another over on the coast line. Cajon, far toward the East, is in the hands of the Santa Fe.

Complaint Against Missouri Pacific. Topeka, Kas., June 14.—(Special.) J. E. Fitzgerald, of Jamestown, Kas., lodged a complaint with the railroad commissioners against the Missouri Pacific to-day, alleging discriminations in hay freight rates. He says the company furnishes him cars that will hold only about 16,000 pounds and then charges him for 19,000 pounds, which is the minimum. The complaint was forwarded to the company's headquarters.

Reduced Dry Goods Rates. Connections of the Cumberland Gap Despatch line are naming a rate of 80 cents first and 50 cents second class from New York, Boston and common points to Kansas City. The bulk of dry goods shipments take first and third class rates, and the low rates via the Cumberland Gap are a bid for the dry goods business. The tariff rates are \$1.47 first class and 87 cents second class.

## VAUDEVILLE AT FAIRMOUNT.

The Senson Opened Last Night-Tim Murphy's Big Hit in Im-

personations. The summer season of vaudeville at the Fairmount auditorium opened auspiciously last night. The attendance was large and a programme of most interesting variety was given. So far the departure has not met with special favor in Kansas City, save in the combination companies that have played the regular season. The stock company and weekly change of star attrac-tions is a new idea, and if this class of entertainment can be made a success in this city it will doubtless have popular vogue at Fairmount. The cool auditorium, the ample stage and the delightful surroundings are all conducive to the highest enjoyment of a really meritorious entertainment, presented at the lowest prices.

The feature of the initial bill is the series

of sketches given by Mr. Tim Murphy, in-cluding a very vivid portrayal of the mesmeric scene of "The Bells," as given by Henry Irving. Mr. Murphy's imitation of meric scene of "The Bells," as given by Henry Irving. Mr. Murphy's imitation of the English actor is excellent in many parts, his gestures and poses being especially typical, but his brogue is not quite in Sir Henry's line. The dramatic power reached in this impersonation is really surprising to those who have known Mr. Murphy only as a comedian. Other impersonations were those of John T. Raymond as Colonel Sellers, Joseph Jefferson as Bob Acres, Sol Smith Russell as Noah Vale, Stuart Robson as Bertie, and William J. Bryan as the "boy orator." Of these the Sellers, the Bertie and the "boy orator" were great, Indeed Mr. Murphy made many believe that he took Mr. Bryan seriously. Two sketches were given by the stock company, one "A Pair of Lunatics," and the other "My Lord in Livery," which might have been called "A Sextette of Lunaties." Both pieces are farcical, but the latter was made mose than traditionally farcical, doubtless in deference to the demands of the vandeville stage. In this, Miss Meri Osborne, Miss Ethel Knight Mellisen, Miss Agnes Knight and Mr. John Daly Murphy carried off the honors, Miss Knight evincing especial gifts. The other was played by Miss Osborne and Mr. Murphy. Several interpolated specialities were more interesting than the play. Altogether the little stock company promises to become a very popular organization.

The real music hall article was presented in the person of Roattine, billed as "the greatest operatic soprano." She has a voice of which much might have been made, but which amounts to little as she has made use of it.

## CONNAUGHTON'S BAD ERRORS

THEY ARE LARGELY RESPONSIBLE FOR YESTERDAY'S DEFEAT.

The Blues Played a Rattling Game Up to the Eighth Inning, When They Suddenly Went to Pieces.

Indianapolis, Ind., June 14.-(Special.) It was a beautiful game to-day until the eighth inning, when a high throw by Connaughton made it possible for Indianapolis to score three runs, and win in a walk. Friend and Goar pitched elegant ball, the latter having the best of it, and striking out the side in one, two, three order in the eighth. His support was fine, while that of Friend was ragged and disheartening. Decidedly the feature of the game, aside from the pitching, was Flynn's one-handed catch of McVicker's fly in the seventh that looked good for three bases. This sensational catch saved one and possibly nore runs, and Manning exclaimed when he saw it: "Look at that. Talk about lough luck. Who is that fellow, anyhow?" Indianapolis was the first to score. Ho-griever walked in the fifth, after two hands were out; stole second, went to third on Gray's hit to left, and came home when

were out; stole second, went to third on Gray's hit to left, and came home when Connaughton dropped the throw to second on Gray. The latter was caught on the line and run down.

In the eighth, with two out, Connaughton threw Gray's grounder just high enough to make Menefee jump for it, and Gray beat the play. McFarland hit safe to left, Motz drove a twobagger to right and Kahoe singled to left, three runs resulting. Reilly flew to Gettinger in the ninth, Stewart beat out an inheid hit, and Flynn singled to center; Goar sacrificed, and Hogriever hit to Connaughton, who threw wide to the plate, Stewart scoring; Hogriever stole second; Gray hit to Connaughton, who nailed Flynn at the plate, Hogriever going to third; Gray stole second, and the bail went to that base, coming home too late to catch "Hoggy," who made a great slide. McFarland hit one towards right, which Delehanty blocked down, and then threw wildly home, Gray scoring. Motz struck out.

That one Kansas City run was scored in the ninth, when Delehanty hit for two bases, reached third on Connaughton's out, and came in on McVicker's single. A double play, resulting from Gettinger's grounder to Goar, ended the game. The score:

Gentlemen:—I have upon the rear wheel of my bicycle one of your tires, which I have ridden up to this date, 17,890 miles. During that time I have not had a single puncture, nor have I been obliged to make the slightest repairs; and the tire is apparently in as good a condition as when purchased. In my business of a letter carrier I used that tire every day of last winter but forty-one, riding over ice, snow and frozen ground, up and down curbings and plank walks, with heavy loads of mail matter attached to my handlebars, without, as I stated above, the slightest trouble. My reasons for writing you are that I thought a tire with such a record as that might be used by you for exhibition purposes at both the cycle shows. If such is the case, I will state that I will gladly loan it to you for that time, if you can loan me a tire to use while you have mine. Yours very truly. FRANK I. rounds to-night at the Kenton Athletic Club in West Covington, Ky., for \$300. In the first round VanHeest scored a knock-down, and had the advantage in the following four rounds. However, the intense heat had a had effect on both fighters, and the remaining rounds of the contest were exceedingly tame. It was declared a draw. 

Fought Six Lively Rounds.

Philadelphia, June 14.—Joe Walcott, the Boston colored boy, and Tom Tracey, of Australia, were the star attractions at the Arena to-night and fought six lively and interesting rounds. Throughout the bout the colored boy was the aggressor and succeeded in landing his favorite swings on the body and neck a number of times. Clinches were frequent all through the fight, but in the breakaway both men fought clean. In the third round Walcott landed a heavy left on Tom's wind and sent him to the floor, but Tracey was on his feet a moment afterwards.

The fourth round ended with honors even and in the fifth, after a rattling hot exchange of blows, both men fell to the floor together. The last round ended after reversal clinches and a light exchange followed by Walcott pushing Tracey hard, the latter putting up a good resistance.

SAME MARTIN REGAN.

His Old-Time Opponent, Barcafer, Is Sold Out by Constable, and Regan Bobs Up to Rejoice.

Several years ago F. W. Barcafer was a well-to-do baker in the Sixth ward. He ran for alderman, but Martin Ragan, the ex-saloen man, so he claimed, was "counted in." His anxiety to oust Ragan led him to spend less time in the bake shop than before his political fever came on and finally his customers deserted him. Despite all attempts, he could not get Regan out of the council. Finally Regan's term was out and he looked around for a business that would make him some money. His saloon business as going much the same as Barcafer a bread business. He resolved to go into the bakety husiness himself. He did, and has prospered. Last Saturday Constable Kennedy, of Justice Krieger's court, sold out Barcafer's bakery. Among these who attended the sale was Regan. Finally his old enemy's delivery wagen was put up for sale. Regan bid it up until he secured it.

"That's the way we do it." he said. "When they go against Martin Regan they finally have their goods sold at a constable's sale. And Martin Regan buys some of their goods, too." to spend less time in the bake shop than
